

ImmunoGen Announces Webcast of Presentation and Q&A at the 37th Annual J.P. Morgan Healthcare Conference

January 2, 2019

WALTHAM, Mass.--(BUSINESS WIRE)--Jan. 2, 2019-- [ImmunoGen Inc.](#) (Nasdaq: IMGN), a leader in the expanding field of antibody-drug conjugates (ADCs) for the treatment of cancer, today announced that Mark Enyedy, President and CEO, will present at the upcoming 37th Annual J.P. Morgan Healthcare Conference in San Francisco. The presentation is scheduled for 8:30am PT (11:30am ET) on January 9, 2019.

Following the presentation, Mr. Enyedy will be joined by other members of ImmunoGen's management team for a question-and-answer session at 9:00am PT (12:00pm ET).

A webcast of the presentation and question-and-answer session will be accessible live through the "Investors" section of the Company's website, www.immunogen.com; a replay will be available in the same location for approximately two weeks.

ABOUT IMMUNOGEN

ImmunoGen is developing the next generation of antibody-drug conjugates (ADCs) to improve outcomes for cancer patients. By generating targeted therapies with enhanced anti-tumor activity and favorable tolerability profiles, we aim to disrupt the progression of cancer and offer our patients more good days. We call this our commitment to "target a better now." Our lead product candidate, mirvetuximab soravtansine, is in Phase 3 study for folate receptor alpha (FR α)-positive platinum-resistant ovarian cancer, and in Phase 1b/2 testing in combination regimens. Our novel IGN candidates for hematologic malignancies, IMGN779 and IMGN632, are in Phase 1 studies.

Learn more about who we are, what we do, and how we do it at www.immunogen.com.

This press release includes forward-looking statements. For these statements, ImmunoGen claims the protection of the safe harbor for forward-looking statements provided by the Private Securities Litigation Reform Act of 1995. It should be noted that there are risks and uncertainties related to the development of novel anticancer products, including risks related to preclinical and clinical studies, their timings and results. A review of these risks can be found in ImmunoGen's Annual Report on Form 10-K for the fiscal year ended December 31, 2017 and other reports filed with the Securities and Exchange Commission.
